

Imagine Software - Interview with Sam

- What is your long-term global vision, mission, and goal for Imagine Software?
- What quantifiable metrics will make the new Imagine Software Website a success?
- How will Imagine Software maintain its status as a leading **revenue cycle** management technology provider, including medical billing software, workflow automation, and the Artificial Intelligence-driven RCM platform?
- The Imagine Software homepage is the most important page of the Website. What are the most important messages that need to be communicated in order of importance?
- How would you describe the overall corporate culture within the organization?
- What are the core values and beliefs that the company promotes?
